

PRO-TAB™

CLEANING CLOTHS FROM A TABLET

INSTRUCTIONS FOR USE

Apply any aqueous solution to the **Pro-Tab™** (or submerge it) and it will expand into a folded cloth. Unfold it and use it as an outstanding cleaning and disinfection cloth. **Pro-Tabs™** may be used with our **Synergy™** Solutions for Cleaning and with our **ClO₂** Aqueous Solutions for high-level disinfection. Let **Pro-Tab™** dry and it makes a fabulous dusting cloth.

Note: Pro-Tab™ is not recommended for use with alcohol or alcohol-based disinfectants. It will take the cloth very long to expand and alcohol deteriorates the fabric.

Add to any aqueous solution to hydrate

Let expand

Unfold

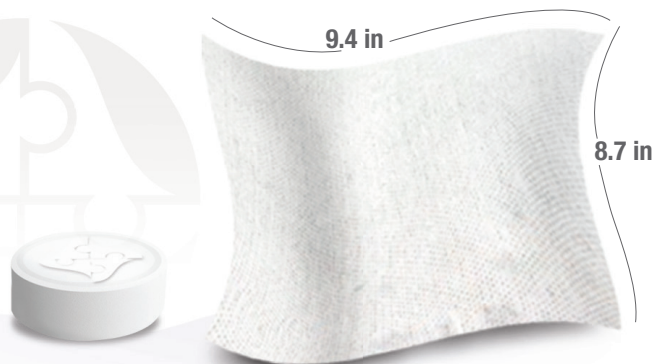

Dust/Clean/Disinfect

SIZE BEFORE & AFTER

Each **Pro-Tab™** cloth begins as a tablet with the diameter of a common nickel (0.835 in. or 21.21 mm) and expands to 9.4 x 8.7 in (24 x 22 cm).

PERFECT FOR USE WITH:

- ✦ Glass & Surface Cleaners
- ✦ Kitchen & Dining Room Sanitizing
- ✦ Bathroom Cleaning
- ✦ Nursery & Playroom Cleaning
- ✦ Auto Detailing
- ✦ Pet Care
- ✦ Make-up Removal
- ✦ Application of Sealers & Surface Antimicrobials

KEY PRO-TAB™ FEATURES

RESISTANT: Although **Pro-Tab™** cloths will be damaged by sodium hypochlorite (NaClO), they will not be degraded by Chlorine Dioxide. **Pro-Tabs™** are quite durable and can be rinsed and reused multiple times. Discard them when they are mechanically deteriorated.

CONVENIENT: Compressed **Pro-Tabs™** maximize storage space, are easy to transport, expand quickly, are machine washable, disposable and flushable, and are eco-friendly and biodegradable.

VERSATILE: **Pro-Tabs™** are commonly used as a much smoother, hypoallergenic option than cotton discs for removing eyelid, lip and facial makeup, so they are easy on hand skin, too. **Pro-Tabs™** are fragrance and chemical-free to guarantee harmlessness.
