

## **AIR PURIFICATION SYSTEM**

### **UVC-253.7 NM**

**Kills Greater than 99% of Airborne Viruses, Mold & Bacteria**

CLEANS THE AIR UP TO 8X PER HOUR USING 48" HI-INTENSITY UVC 253.7 GERMICIDAL LAMPS  
CATALYTIC TECHNOLOGY REDUCES ODORS FROM SMOKE, PETS, MOLD, MILDEW  
AS WELL AS HARMFUL VOC'S SUCH AS PAINT, VARNISH, NAIL POLISH REMOVAL, ETC.  
VIRTUALLY MAINTENANCE-FREE FILTERLESS TECHNOLOGY

Better than a mask...  
Kill the virus not trap it!

Cleans 500 SF every 15 minutes  
Cleans 1500 SF every 45 minutes  
Cleans 2000 SF every 60 minutes

UV-400 Video

PATENT # 6,939,397 FDA 510(k) # K062716 ETL CERTIFIED

# GUARDIAN

Plug it in, turn it on and it goes to work!  
 No expensive HEPA filter!  
 Cartridge replacement is quick and easy!  
 Cartridge replacement is once a year!

Fan Speed

On / Off Switch

Indicator Light

Green-Cleaning  
 Orange-Replace Cartridge  
 Red-UV Compromised

## Components

## Here's How It Works!

### Phase 1

First baffle shows airflow and creates turbulence

### Phase 2

Microbes & pollutants killed or inactivated by germicidal UVC along with odors and VOC's

### KEEPS ON KILLING & CLEANING

Each time air recirculates, the more contaminants are permanently destroyed

### Phase 3

Large particulates are trapped completing air purification process

## Unit Specifications:

Model #	UV-400
Power Usage	93 Watts
Electrical	12V/60Hz/1.6A
Unit Size	32" x 12.5" x 9.5"
Weight	18 lbs
Speeds	15 Fan Settings
Safety	ETL Listed

## 1 Year Manufacturer's Warranty

Fan setting	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Noise (dB)	88	91	92	94	95	96	98	99	101	102	103	104	105	107	108
