

**Introducing the newest feature on the Ultra-Trak:
The Ultra Spray Attachment**

With just the slightest of alterations to our already [fastest in the industry!] tool for coating floors, we are now ready to launch our versatile unit for applying disinfectant to floors, carpet, walls, restrooms, lockers, touch-points, and more! No cords, no backpacks, no pumping or trigger-pulling strain here!

With the new "Ultra-Trak Plus" [Ultra-Trak 6-in-1] System, you get all of the benefits of the original Ultra-Trak, but with the added benefit of having both a coating and disinfecting tool.

**Use in Nurse's
Office**

Use on Water Fountains

Use on Carpets/Mats

Use in Kitchen

Use in Bathroom

Money saving

Green Friendly

Improves safety

Fully Automatic

ULTRA-TRAK PLUS

6-in-1 Application System

Fas-Trak Industries is proud to announce ULTRA-TRAK, the 6-in-1 revolutionary application system! The ULTRA-TRAK system is the most productive, pressurized floor finishing/sealing applicator on the market today. We are the "original and best" in the industry. Don't settle for inferior imitations.

We had the user in mind when state-of-the-art technology and common-sense engineering were combined to produce the most time efficient 6-in-1 applicator ever. This superior labor saving applicator is designed for all areas where professional quality finish and seal are required.

**CONSIDER THE BENEFITS OF FAS-TRAK
INNOVATIVE SOLUTIONS!**

- Save labor dollars
- Quick & easy clean up
- Environmentally responsible
- Precision adjustments
- Eliminate cross contamination
- Reduction of chemical usage & waste
- Rugged construction
- Ergonomic, portable & lightweight

FAS-TRAK APPLICATIONS

Fas-Trak Industries is a proactive innovative manufacturer of performance related application technology for the maintenance & janitorial industry. Our passion is to create innovative performance solutions by redefining and expanding surface application processes.

Our proprietary patented technology is industry proven and addresses the main challenges related to floor care issues today namely – labor savings as well providing superior results. Our product solutions can be used on tile, terrazzo, concrete, gym floors and all hard floor surfaces.

FAQ's

- Q.** Why is our pressurized application system better?
- A.** Our proprietary design allows for consistent, uniform and accurate delivery of chemicals which improves the desired floor care results. We are the original inventors and founder of this unique platform so be cautious of imitations.
- Q.** What type of container can I use to dispense the floor care chemicals?
- A.** All types of containers: 2 1/2 gal cube, 5 gal pail and Bag in Box (BIB). Simply remove cap and use a putty knife to pry off (BIB) spigot and insert our suction hose. No need to transfer liquid! Simply dispense directly. No waste, No fuss, No mess!
- Q.** What is the Ultra-Spray feature?
- A.** It is a self contained onboard spray system to spray/mist all surfaces quickly with large 5 gallon capacity.

ULTRA-TRAK PLUS

6-in-1 Application System
